

Virtual Bert goes places

While Bert travels he takes his pictures with well known landmarks.
But Bert cannot go anywhere. We need your help in the "Virtual Bert Goes Places" program

Cut Bert and put him on a stick
in front of your nearby landmark

Make a digital picture of Virtual
Bert and the landmark

E-mail the picture to
bert@secret-wg.org use "Virtual Bert"
as the subject and add a description of
the landmark.

By submitting your picture you allow us to publish it. Bert attracts kids so keep the pics descent.
This is a secret working group secretariat production, feel free to introduce your own version of
Virtual Bert but please acknowledge the idea. You are looking at Virtual Bert version 0.1.
